

LINK Delegates to External Forums, April 2009-10

Delegates are chosen by the appropriate LINK Task Force, or where there is no appropriate TF, by the member bodies. The delegates each have a 'constituency' of members to inform them and feed back to, either the TF or a grouping of interested member bodies.

Please contact both the delegate and the LINK office if you wish to be included in any constituency.

An evaluation of the effectiveness of forums is undertaken annually by delegates and results are given in a spreadsheet format, [Stakeholder Evaluation April 2007-2008](#).

Current delegates, nominees or appointees are:
